

## **LIFESTYLE DECORATING**

**I've been working with clients like you for over 15 years and have produced wonderful results as a consultative decorator. My degree in decorating plus additional formal training has rounded out my experience and skills. Most clients want to decorate for their family's lifestyle and almost always have a budget. That's my niche'!!!**

**lifestyle decorating - decorating for YOUR lifestyle on YOUR budget ...which includes all areas of the home. Years of formal training in window treatments, furniture construction and placing décor elements within a design, has given me skills most decorators don't have. I work closely with you to achieve the results you always hoped your home could become! And all within your budget...and not a penny more.**

**re-design -using all the elements and furniture you currently have, and re-designing a whole new look for your room! Almost always done in a day!**

**color palettes - color consultation for just one room or whole house**

**kitchen and bath design - I've had formal and extensive training in all aspects of kitchen and bath design, and no project is too small.**

**move-in decorating- decorating advice for those buyers in a new home who may be downsizing or having difficulty using furniture from previous home.**

**Includes color palettes, furniture arrangement, décor items and wall art.**

**property enhancements - consultation for the property investor on what projects to do and materials to use to maximize profit when selling.**
